Last week five blue spruce, the gift of Fred B. Swanson, were planted.

The evergreens will be a permanent part of the landscaping, and already add greatly to the beauty of the park.

Simon Stowe, 55, Takes Own Life

Ill Health Is Believed Cause
of Suicide; Was Highly
Respected

Coming as a shock to his many friends in this community, of which he had been a highly respected citizen, was the death of Simon S. Stowe, Friday afternoon at his home here.

Stowe, who was 55 years of age, was believed to have shot himself during a period of despondency caused by the belief that he was suffering from the onset of an incurable ailment. Motivated, it is thought, by the fear that he might become a burden to his family, he is believed to have purchased a 12 gauge shot gun on the pretext that he wanted it for hunting, since he has not previously owned one.

The body was discovered by his step-daughter, Irene Chinn, around 3:15 o'clock.

He is also survived by his wife, Myrtle; by a son, Russell, of Antioch, and a step-son, Robert Chinn, also of Antioch.

A brother, Ira, of De Pere, Wis., and three sisters, Mrs. Sarah Jerik of Waukegan; Mrs. Emma Larschied of Green Bay, and Mrs. James Flynn, West De Pere, also survive.

He was born Feb. 22, 1885, at Lawrence, Wis., and was the son of the late George and Delia Stowe.

He had lived in Antioch for the past 14 years, and was engaged in business as a truck operator. He was a man of high character, and was greatly esteemed by all who knew him.

The Rev. W. C. Henslee officiated at the funeral services Monday afternoon at 4 o'clock in the Strang Funeral home. Burial was in Hillside cemetery.

R & H Chevrolet to Become "R & J" Soon

Chevrolet Sales Will Move
into New Building
Shortly

Looking forward to removal soon into commodious quarters in the company's new building on Main street just north of the village hall is the R. & H. Chevrolet Service, which will soon pass under the name of the R. and J.

Originally founded by Elmer Rentner and Arthur Haley, the company became known as the "R. & H." with Rentner in charge of the Antioch headquarters and Haley managing the Lake Villa branch.

Later Rentner bought out Haley's interest here, and the partnership was dissolved.

Norman Jedeke, long associated with the Chevrolet service in Antioch, has acquired an interest in the business, and it will henceforth be known as the "R. and J." the name under which the Fox Lake branch is already operating.

The company expects its new building to be ready around December 10, and has invited the Antioch fire department to conduct a "housewarming party," the date of which will be announced later.

At present business is being carried on in temporary office quarters back of the Snow White ice cream parlors, where the garage's storage space is also located.

The former office quarters next door to the Snow White have been leased and are being made over into bowling alleys under the management of Louis Bauer, proprietor of the ice cream parlors.

"MODERN MARRIAGE" IS PLAY TITLE FOR J. B. ROTHOUR COMPANY

An all-comedy drama, "Modern Marriage," is the title of the stage play to be presented Monday night in the Lake Villa School gym by the J. B. Rothour company. This is a three-act play and is one of the latest to be released to stock companies. A young married couple and an older couple have the lead roles in the drama which promises much in entertainment. There will be the usual vod'vil numbers between acts.

Crowds are increasing with each performance, Mr. Rothour says. Lake Villa firms give free merchants' tickets, which plus a ten cent service fee at the box office is all that is required for admission.

FOR YOU! The News has a very pleasing holiday gift in the form of a beautiful fountain pen and pencil packed in an attractive box. Come in and make your selection.

Antioch Lions Sponsor Xmas Carol Program

Club Completes Plans for
Activities During the
Yule Season

The Antioch Lions club will say Merry Christmas to the community this year through the gift of Yuletide music over a loud speaker system for several days preceding Christmas, the donation of cash prizes for best home decorations, and the contribution of individual members of the club to the Christmas basket fund.

The program was outlined by President Oscar Hachmeister and committee members Monday night at the dinner meeting held at Ray Pregoner's Grass Lake resort. The Christmas Carol and Yule music program will start about December 12 and continue along the same plan as last year when music from the loud speakers along Main street and Lake street was heard at 15 minute intervals during the afternoon and evening. Tronson & Runyard have been engaged to provide this part of the Yule program.

Encourage Yule Decorations
Prizes for home decorations will be in the amounts of \$15 for first prize, \$10 for second, and \$5 for the third prize. Only two prizes were awarded for home decoration last year, and the winners were W. I. Scott and Ed Vos. Club members went on record as favoring early Christmas decorations especially along the business sections of the village.

Food Baskets for Needy
Not from the Lions club permanent fund, but from the pockets of individual members comes the start of what is hoped will grow into a very substantial fund for the purchase of baskets of food for needy families at Christmas time. This will be Antioch's own "good fellow" movement for the relief of distressed families of the community—a project that properly belongs to the community as a whole and not to any particular organization or group. All will have a chance to help with this worthy cause.

Zone Chairman Russ Boehm of Libertyville was present at the meeting and gave a review of the Lions International work in this district.

The Observer

We see where in a magazine a guy who was asked to conduct a nationwide prayer week says that in the light of the condition the world is in now, maybe it's about time we stopped talking to God and started listening to him. We second the motion.

Looks like maybe we might have a "white Christmas" if the snow keeps on obliging... The snow hadn't ought to hurt winter sport activities around Antioch any, either.

C. L. Kutil Honored As 4-H Leader

Three Antioch Vocational
Ag. Boys Receive State
Awards

C. L. Kutil, local instructor in Vocational agriculture at Antioch High school who has served as a 4-H leader for more than 20 years in Wisconsin and Lake county, was awarded a service pin by the Lake County Farm bureau at the annual 4-H Achievement day program in the Libertyville High school Friday evening.

Earl Kane, president of the Lake County Farm bureau, made the presentation.

Others similarly honored were Mrs. LeRoy Kane and E. E. Elsbury, who have led clubs for over ten years.

The Antioch 4-H club had a fine showing this year. Several of the members were awarded high honors.

The Antioch 4-H club poultry judging team represented the county at the state contest and brought home the blue ribbon for having the high rank of "Excellent" awarded them. Members of the team are Norman Edwards, Milton Smith, and Ralph Gussarson.

Richard Prince was awarded a certificate for having one of the outstanding poultry projects in the state of Illinois.

The Chicago Producers' Commission association awarded three medals to Lake County 4-H members having outstanding meat animal projects. Two of these medals went to Antioch boys. Wayne Drom received a medal for the most outstanding swine project and Ray Wells received one for his sheep project. The other boy, Robert Dunker of Waukegan, received a medal for the most outstanding beef project.

Social Security Claims May Be Filed at P. O.

Qualified individuals living in Lake and McHenry counties who wish to file claims for old-age and survivors insurance benefits may file through the Waukegan field office of the Social Security Board regardless of the place of previous employment.

According to Albert S. Lewis, Manager of the Waukegan field office, it has recently been brought to his attention that many employees believe they must file claims for benefits in the community in which they were employed. Consequently, the claimants may have been put to unnecessary expense and inconvenience with resulting delay in the development and payment of their claims.

As the Bureau of Old-Age and Survivors Insurance is an agency of the Federal government, operating on a nation-wide scale, the services of the Waukegan field office are available to any employee regardless of the place where the social security account number was issued or the employment occurred.

A representative of the Waukegan office visits Antioch on the second Thursday of each month and is stationed at the post office from 10 a. m. to 12 noon. The next visit will be on December 12 when he will assist any qualified individual who wishes to file a claim or obtain information concerning qualifying requirements.

Mrs. Witt, Formerly of Antioch, Dies in Milwaukee

Mrs. Fred Witt, formerly of Antioch, died Monday, Nov. 18, in Milwaukee. Funeral services were held Friday, with burial in Oak Park cemetery. Mrs. Witt had made her home in Milwaukee for about a year.

Firemen's Fete Will "Christen" R & H Garage

Chevrolet Service Gives Fire
Dept. "Housewarming"
Privilege

The Antioch firemen will have the privilege of holding "open house" in the new Chevrolet garage being built next to the fire station, Elmer Rentner of the R. and H. Chevrolet service announces.

Rentner states that every effort is being put forth to complete the garage so that it will be ready for occupancy by Dec. 10.

The "dedication" of the new building will be in the form of the open house and dancing party under the charge of the firemen. All proceeds will go to the firemen's equipment fund. The date of the party will be announced within a few days.

Get Winter Equipment

A \$50 check has been received by the fire department for its aid in fighting a fire at the farm on Bennon's corners in November. The check is being turned over to the Antioch rescue squad for the purchase of additional equipment.

Additional coats and helmets for the firemen have been purchased in preparation for winter work.

Fire department trucks have been given tests by state truck testing agencies as a safety precaution.

District Fire Map

Work is being carried on by Fireman James McMillen on a map of the Antioch fire district (Illinois No. 1), which will show the location of all farm properties within the district and their situation with regard to fire protection resources.

County maps are also being prepared. These will cover the various districts within the different zones, and are being made in co-operation with the Lake county sheriff's office, as part of a plan whereby the sheriff's department two-way radio can be used to advantage with relation to fire-fighting and the national defense program.

Fire Chief James Stearns has appointed McMillen drill master. McMillen plans to attend the Chicago drill school in order to acquaint himself with the latest developments in firemen's drills.

"Electricity and Fire Fighting" was the subject of a talk given by James Mullaney at a meeting of the fire department Tuesday evening.

Mullaney, who is a member of the department and is also a lineman for the Public Service company, discussed the best methods for shutting off or controlling electrical power in the event of fire.

Mrs. Amelia Stewart Dies At Age of 77

Her husband, Gordon J. Stewart, preceded her in death in 1933.

Her marriage to Gordon Stewart, who had come from Dublin, Ireland, took place in that city. In 1882 her parents came to Antioch to live, and in 1904 she and her husband also moved here.

Make Us Strong—Keep Peace—

Preserve American Way

It will be the task of the historians of the future, with all the evidence at their disposal and with the passions of the campaign dissipated by time, to weigh and evaluate the factors that led to the re-election of President Roosevelt for a tradition-shattering third term. For us, as American citizens, our duty is crystal clear. It is to vigorously support the President whenever we believe him to be right, whatever our party affiliation, and to oppose him on principle, without bitterness or rancor when we believe him to be wrong. That is the way democracy can and will be preserved. A healthy, free minority is vital to our system of government.

On November 5, the people bestowed on the President an honor given to no other Chief Executive in our history. And on that day, the President accepted his gravest responsibility. He and the Congress are confronted by problems and obligations of an importance which is without precedent since the Civil War. In his appeal to the people for the third term, he said, time and again, that he will make us strong, that he will keep us at peace, that he will preserve the American way. All Americans look forward to the consummation of that program.

The opposition party need feel no regrets. Wendell Willkie made a gallant campaign, and he fought a good fight. Tens of millions of our citizens voluntarily enlisted under his standard and voted for him because of the principals he stood for. He cemented together that intelligent, responsible opposition which is so essential to democratic government. He will remain a force to be reckoned with in American life.

Working All The Time

They work quietly in the industrial laboratories. The public doesn't often hear what is going on, or have oc-

casian to realize the vast amount of hard, painstaking effort that goes into the development of a new product. All we see is the final successful result, with its prospect of more jobs, more payrolls, and added comfort for all Americans.

It is worthwhile occasionally, simply to keep things in their proper perspective, to remember that industry is hard at work all the time, spending large sums of money in an effort to find new products that will benefit the entire economy.

Farmers, for instance, will be interested in experiments that have been going on for many years aimed at turning the whole cotton plant—stalk, leaves, boll, and fiber—into rayon. If and when this becomes commercially feasible, it will help to save our trees—for wood is a main base source for rayon—and will also be one more example where industry has helped agriculture.

Hundreds of earnest experiments like these, many of them brought to completion each year, serve to stress the importance of research to the American concept of an expanding economy that constantly distributes more goods and more pleasant living to all its people.

Really Rolling

The nation's big defense program is really going full blast. A short time ago, we notice, ground was broken for a structure that represents the largest individual aircraft production expansion effort in the country—perhaps in the world. It will increase the production of one particular type of plane from the present rate of eight a day to around SEVENTY a day. And it shows how fast industry can move—the moment government gives the "go ahead" signal.

Robert P. Patterson, Assistant Secretary of War, was there for the ceremonies, and declared: "The rearmament program has gathered good momentum and is going forward fast."

And Emil Schramm, Chairman of the Reconstruction Finance Corporation, offered a mild word of approval for industry, saying there had been "no sitdown strike by industry."

Anyway, the defense program is really moving along. And even at this early stage, there seems no doubt that industry is producing rapidly and efficiently enough to put fear into the heart of any potential aggressor who is even dallying with the thought of striking at our country and our way of life.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Dean of the Moody Bible Institute
of Chicago.
(Released by Western Newspaper Union.)

Lesson for December 1

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

AN EXACTING DISCIPLESHIP

LESSON TEXT—Luke 9:49-52.
GOLDEN TEXT—No man, having put his hand to the plough, and looking back, is fit for the kingdom of God.—Luke 9:62.

Weak-kneed, watered-out, and "silly" religious philosophies and activities have no right to call themselves Christian. Following Christ is not just a sweet sentimental impulse expressed in smooth words and formal religious exercises. It is a vital, virile, sacrificial faith which leads the true follower of Christ to be willing not only to die for Him, but also to live for Him in the face of opposition, hatred, yes, "through peril, toil and pain."

Let us put away these insipid imitations of Christianity which so often masquerade under its name and face our time with a call to discipleship which demands every fine, noble, manly and womanly quality. The lesson for today reveals that following Jesus (and please remember you are not ready to live for Him until you have been born again) calls for

I. Co-operation (vv. 49, 50).

The placing of the little child in their midst (vv. 49-50) and Jesus' words concerning true greatness revealed to John that he had been wrong in condemning the one who was working for Christ but who was not of their party. The true disciple recognizes that the man who truly loves and serves Christ is to be accepted in His name. We may not like his appearance, or his language, or his methods, or his friends, but we ought to love him and co-operate with him. Let us begin to practice that as well as to say we believe it.

II. Humility (vv. 51-53).

Gross discourtesy, evidently inspired by national hatred (the Jews and Samaritans had no dealings with each other), was shown toward the Lord Himself. His reaction gives us an example of humility, for He said not a word against them. The true follower of Jesus should expect such treatment from a hostile, devil-inspired world and emulate his master by showing love and

III. Patience (vv. 54-56).

The disciples wanted to show their power and authority by bringing the fires of destruction upon the enemies of Christ. That spirit has persisted in the church, the desire to call the fires of heaven (and possibly of hell) to destroy those who hinder or oppose us. Such is not the spirit of our God and His Christ, for He is "long-suffering to us-ward, not willing that any should perish, but that all should come to repentance."

IV. Sacrifice (vv. 57, 58).

The writer dislikes to use the word "sacrifice" in connection with our life and service for Christ, for in reality we sacrifice nothing which is not more than replaced (read Matt. 19:29). But at the same time it is true that God does call upon us as Christians to hold nothing dearer than our devotion to Him.

Following Christ is more than singing glibly or carelessly, "I'll go where you want me to go, dear Lord." The one who starts out with Him is to count the cost (Luke 14:28-33). He must expect the same treatment as Christ (II Tim. 3:12) and be willing to take it gladly (John 15:20; I Pet. 2:21). We ought to make this plain to professed believers. Tell young people the truth and you will see that they are ready to respond to it. They are willing to give themselves sacrificially for causes of this earth—why not for Christ?

V. Devotion (vv. 59-62).

It has been said that Christ is either Lord of all or He is not Lord at all. Even the demands which love may present on behalf of our aged father must not be permitted to stand between the Lord and His disciple.

Christianity is considerate and courteous, and our Lord is not here suggesting any neglect of the duties or amenities of life. The point is rather that the Lord must have first place whatever else may call for second thought.

The blight on the life and service of most Christians is that almost anything and everything else is allowed to take first place and the Lord must be satisfied with second or third place. Sometimes one wonders if He is given any real place at all in some lives.

No one who puts his hand to the plough in God's Kingdom and then wants to defer following through until a more convenient season, or who wants to go back to "bid farewell" to someone who for the moment is more important than the Lord, is fit for His service. The way of joy and usefulness is the way of full and unconditional yielding to Him.

In Spite of Imperfections
He brought me forth also into a large place; he delivered me, because he delighted in me.—II Sam. 22:20.

The Main Issue

Keep thy heart with all diligence, for out of it are the issues of life.—Proverbs 4:23.

It takes WALLOP to make a Champ!

YOU'VE got to have what it takes if you hope to be a standout in this man's country!

Lots of men—and lots of cars—have looked the part and talked the part—but just weren't there when the chips were down.

That's why you find Buick has dodged special devices and short-cuts in its great 1941 line of cars.

That's why we went right to the heart of the matter—and packed a bigger-than-ever wallop in that husky Dynaflex power plant.

It's that wallop that's making Buick the value champion all over the country today.

The wallop that lets you travel farther

on every gallon of gas—as much as 10% to 15% more miles on each gallon!

The wallop that swings you up the hills without ever touching the gear-shift, that lets you throttle down in traffic to creep-speed, then lift away again still in high.

It's an exclusively Buick wallop—the wallop of FIREBALL design and Compound Carburetion, available in no other car on the market!

And if you think we're kidding about what these two things do, we're ready to show you with cold-turkey demonstration any time you say.

SOCIETY EVENTS

Charlotte Bennecke And Harry J. Weber Wed In Lake Villa

Planning to make their home in Waukegan are Mr. and Mrs. Harry J. Weber, who were united in marriage in a 4 o'clock candlelight ceremony in the Lake Villa Community church the afternoon of Thanksgiving Day.

The Rev. Walter MacArthur, pastor, read the service, Mrs. Olive Martin sang "Because" and "I Love You Truly." Henry Bennecke, brother of the bride, acted as accompanist and played the processional and recessional wedding marches.

The bride, the former Miss Charlotte Bennecke, daughter of Mr. and Mrs. Charles Bennecke of Lake Villa, was lovely in a lace-trimmed gown of white satin, made with a long train. Her fingertip-length veil of tulle fell from a white coronet, and as she was escorted to the altar by her father she carried a white prayer book to which was attached a white orchid, and from which fell a "shower" of white satin ribbons and white carnations.

Miss Verna Bennecke, attending her sister as maid of honor, wore rose taffeta, and Miss Margaret Walker, bridesmaid, was in blue taffeta. Both carried arm bouquets of red roses.

The bridegroom, who is the son of John Weber, Chicago, was attended by Norman Vasey as best man. Melvin Skinner ushered.

Guests from Chicago, Maywood, Oak Park, Forest Park, River Forest, Lake Villa and Waukegan were present at a reception held in the Bennecke home following the ceremony.

The bride was honored at a shower given by the Senior choir of the Community church, Monday evening, Nov. 28.

Both the bridegroom and the former Miss Bennecke have been employed in Waukegan.

WOMAN'S CLUB TO HEAR TALK ON ANDEAN JOURNEY

An unusually competent and clear-sighted observer in his foreign travels is John Hunter, who will present the illustrated lecture, "Over the Andes," at a meeting of the Antioch Woman's club Monday afternoon at 2 o'clock in the Grade school.

Hunter formerly conducted business and law courses at DePaul university, and although he has now retired from teaching and the active practice of law, he still maintains an office in an advisory capacity to many corporations.

Since 1930 he has traveled extensively and has lectured a great deal. He has made comprehensive surveys of European countries and made films of the orient at the time of the first invasion of China by Japan, in 1933.

His lectures are said to be unbiased, and of more than ordinary interest. He will use more than 250 slides, in colors and black and white, for his talk here Monday.

WAUKEGAN BRIDE-ELECT HONORED AT SHOWER

Mrs. Roy Bolton and Mrs. William Haddican were co-hostesses at a miscellaneous shower Thursday evening honoring Miss Ellen Rompesky, who will become the bride of Frederick Pettit of Waukegan on November 30. The shower was held in the home of Mrs. William Haddican of Kenosha.

Bunco was played, followed by the serving of refreshments. The bride-to-be was presented a corsage by her hostesses. She received many other lovely gifts.

Among the guests were Meses. Joe Hoyer, Libertyville; Delmar Haines, Bloomington; Henry Rentner, Antioch; Fred Pettit, Waukegan; Miss Marie Sauter, Waukegan; Misses. Ward Kiehl, George Olton, L. A. Ash, Mary Watring, Herman Rompesky, Harry Rompesky, Gregory Wallig, Eugene Eglund, Lyle Bolton, and Misses Lillian Ash, Mary Alice Watring, Jean Rompesky, Rose Rompesky and Mary E. Dorsey of Kenosha.

LECTURE SERIES AT UNION GROVE CLOSING

"Why I Am a Baha'i" will be the subject of a radio talk given over WRJN, the Racine station (wave length 1370) on Dec. 3, at 11 a. m. by Nina Mathisen of Bristol, Wis.

The Antioch-Bristol Baha'i group has been assisting the Kenosha and Racine Baha'is in a series of three lectures in Union Grove, the past three weeks. The last of the series was an illustrated lecture on the Baha'i House of Worship in Wilmette, given by Virginia Camelon and Edward Struven, the resident engineer of the Temple, both of Wilmette.

By request, a fourth lecture is being added to the Union Grove series, on Wednesday evening, Dec. 4, at 8:15, in the American Legion hall. Many have been questioning as to whether Baha'is believe this to be the time of the "return" and so Albert Windust of Chicago will speak on the subject "Christ's Second Coming Fulfilled." Himself a firm believer that we are now witnessing "that great and terrible day of the Lord" spoken of in the Bible, Mr. Windust is well prepared to make or the subject and to answer any question concerning it, during the question period.

• There's only a fraction of an inch difference in the over-all length of the three leading cars in the low-price field.

But where inches count—in the springbase—Ford is biggest of the three by from 3 1/2 to 9 inches. Again, where the inches count—in body room—Ford has the widest body and is biggest by 3 3/4 to 5 full inches from windshield to rear window—giving more knee room, seat room, head room.

Ford's bigger window area, and 37 to 87 square inches bigger windshield, give the visibility that spells safety!
